

ENGLISH

This half-term, we will be using the inspirational text *Battle for Equality*, which was written by David Roberts to mark the anniversary of women receiving the vote. It is an illustrated information book which works chronologically through the history of suffrage. We will learn about some key events and use these to eventually plan our own persuasive campaign for a law that should be changed somewhere. Through the text, we will write formal letters, diary entries, balanced arguments, speeches and a short news report.

We will also be using our residential experience at Condover to write either a recount, information leaflet, trip review or a persuasive advert.

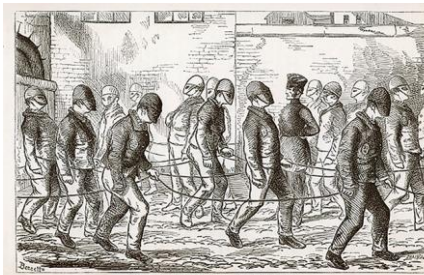

We will also be continuing with our whole class read text: *Floodland* by Marcus Sedgwick.

LONG EARED OWLS

SPRING 2 2026

CRIME & PUNISHMENT

MATHS

Year 5 will continue developing their knowledge of mental and written methods to divide a 4-digit number by a 1-digit number. They will fractions to revise addition and subtraction and will learn how to multiply fractions and mixed numbers by integers and how to find fractions of amounts. Following that they will be looking at equivalences between fractions, decimals and percentages. Year 6 will be revising concepts in preparation for SATs including finding fractions of amounts, equivalences in fractions, decimals and percentages. They will learn about ratio and how it is linked to fractions and proportion and scale drawing and factors. In the algebra unit, they will learn how to use function machines, how to form expressions, use substitution, formulae, forming equations and solving multi-step equations.

RE

Our enquiry question for this term: 'What difference does the resurrection make for Christians? We will deepen our understanding of the Christian belief in the resurrection of Jesus and the transformational impact it has had on Christian life and faith.

HISTORY

This half term, we will be exploring crime and punishment through the ages. We will look at how changes in society affected crime, what crimes were punishable and how they were treated by different civilisations and societies including The Roman Empire, Anglo-Saxon & Viking Britain, Tudors, Victorians and into the modern era. We will explore the legacy left behind by each society that ruled Britain.

SCIENCE

We will learn how some materials dissolve to form solutions, and how we can separate some solutions. We will also look at reversible and irreversible changes such as heating or cooling before moving on to look at comparing everyday objects based upon their properties.

MUSIC and COMPUTING

Creating Media- 3D Modelling
At The Movies - Composition

PE

Basketball & Self-Defence

ART

In this unit, we will explore graffiti and the different opinions people have. We will look at the work of Banksy, developing techniques to create our own piece of 'Street Art'.
